

FCGA participant invite

Hello, Thank you for coming to the Kits Neighbourhood House From Climate Grief to Action group. It has been good to meet you all. We are having our last group of the series on February 10 and it would be great if you'd drop by.

FYI. On February 24, at 7 at Kits Neighbourhood House, we are holding a special meeting to reflect on the first four sessions of the FCGA group. At the meeting we will update our model, and decide if we will continue offering the group at Kits. You will note that there are documents on the [gteccanada.ca](http://gteccanada.ca) page group page called "Debrief." These documents are process notes that Tom and Taylor write after every session describing what they tried to do and why. You may want to read these documents to help identify the issues and possible solutions. We invite written feedback. Please send us an email if you have advice for us.

We are also launching a similar program at Collingwood Neighbourhood House on Thursday, February 6 at 7:00 with a Town Hall.

"The Green Technology Education Centre, in conjunction with Collingwood Neighbourhood House, is holding a NEEP (Neighbourhood Environmental Education Project) series each week starting February 6, 2020 with the Collingwood House Crisis and Hope Town Hall."

One of the NEEP will be a 4 session From Climate Grief to Action group at Collingwood Neighbourhood House starting Thursday, February 13.

"Facing up to the climate challenges is no easy matter. We invite you to come to a Climate Support Group to meet with others experiencing climate anxiety and grief and together identify ways and means to help us cope with a horrific situation."

Please email [Tom@gteccanada.ca](mailto:Tom@gteccanada.ca) or [Taylor@gteccanada.ca](mailto:Taylor@gteccanada.ca) with feedback or questions.

If you plan to attend any of these events please register at [gteccanada.ca](http://gteccanada.ca)

Thank you, Tom and Taylor
